Hey Liam,

We will totally default to you, as perhaps there's other areas, outside of Protective, that could provide some valuable insight, given that there are peripheral units, outside the protective scope, that has played a role in this overall situation.

Thanks so much for your offer J

Hi –

That's the first we're seeing of either of those requests.

We can coordinate if you wish, just say the word.

Sincerely,

Liam

Hey Liam,

Sharing the request below... did you want to coordinate on your end, or would you prefer if we redirect into the PP program at NHQ/ND? Either works, just wanted to be sure to include you in this for your SA.

The USCP Intelligence and Interagency Coordination Division, Protective Services Bureau, reached out looking to coordinate a meeting with partners to discuss best practices in support of their convoy planning. In terms of coordinating a meeting with Protective Policing, to whom should we forward the ask to be the point of contact for

Julie E. Farnam

Acting Director

Intelligence and Interagency Coordination Division

Protective Services Bureau
United States Capitol Police

Hello Canadian Partners,

As you know the world is watching what is unfolding here in Canada's Capital and we're wishing you all the best during these times.

Director Julie Farnam is with the USCP Intelligence and Interagency Coordination Division, Protective Services Bureau and is preparing for the U.S. freedom convoy scheduled soon for Washington D.C. USCP is looking to link up to discuss Ottawa's best practices when dealing with truckers.

Ms. Farnam,

I've cc'd those I know or have met in the National Capital Regional Command Center to include Ottawa Police, Parliament Police Services, and RCMP Protective Intelligence that can either assist or get you to the right channels within their organizations.

Thank you

Margie Fields

Security Investigator
